DRAGON SLAYER TESTIMONIALS FROM FORMER STUDENTS AND THEIR PARENTS

Dr. Pace, clearly you know what you are doing and love what you do. Thank you for these sessions of meaningful test preparation as well as mental and spiritual preparation for the stressors of the test and beyond.

Liz McClusky with Nolan, Saint Cecilia School

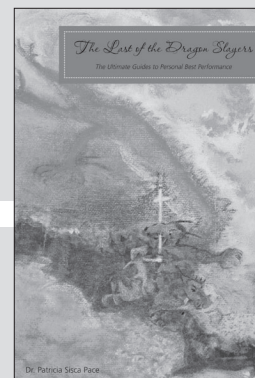

This program was very valuable in addressing the multiple facets that both positively and negatively impact test taking. All portions, both academic and holistic, were helpful. This course offered a variety of useful strategies for conquering test taking anxieties and overcoming obstacles.

Kim Kurtz with Jacqueline, Saint Cecilia School

I highly recommend this course for all students. Learning how to slay the dragons in test taking is also teaching my son how to slay dragons in life beyond high school and college. We even passed on some of these lessons to my husband, Matt's dad, as he faced a rather challenging and intimidating project at work! These are lessons for a lifetime!

Marla Chatzistamatis with Matt, Our Lady of Calvary School

Sometimes in education we forget that learning is more than just the "art of studying." Dr. Pace's course expands your thinking and pushes both the parent and the student past this one-dimensional approach and taps into other important aspects of learning. As a parent, I wish I had such an opportunity as a student. I am forever grateful that my daughter had this experience.

Maura Coyle with Isabella, Philadelphia Academy Charter School

You cannot get this anywhere else. High stakes testing is wreaking havoc in our families and with our kids, as parents struggle to help their children prepare for the future and the children struggle not to crumble under the stress. This class has brought me closer to my son. He feels understood and empowered to succeed and I have had concrete tools and methods for helping him and his siblings added to my tool belt!

Suzanne Lehman with Gabriel, Mother of Providence Regional Catholic School

I cannot stop telling friends, other parents, coworkers and family about how amazing this class has been for both of us. I wish it were a standard part of every Christian school's curriculum, as so many would benefit—at any age. I will definitely have my two younger daughters attend and encourage anyone I know to enroll. I would love to see this program transformed to apply to other organizations in the workplace. Thank you, Dr. Pace. God bless you and all those you teach!

Barbara Ponnwitz with Fallon, Notre Dame de Lourdes School

MESSAGES FROM FORMER STUDENTS ABOUT THE BENEFITS OF DR. PACE'S HOLISTIC APPROACH TO TEST PREP

Victoria Plymouth

University of Pennsylvania
School of Veterinary Medicine
Class of 2023

"Hi Dr Pace,

I don't know if you will remember me. My name is Victoria Plymouth. I took your summer prep for SAT back in 2011-2012, Nazareth Academy High School, Class of 2013. Thanks to you and your amazing program I was able to attend Arcadia University with a Distinguished Scholarship. In 2017 I graduated with a Bachelor of Science Degree, which enabled me to pursue my lifelong dream and goal of being a veterinarian. I am currently attending the University of Pennsylvania School of Veterinary Medicine, and it is all thanks to you who showed me how to always relax and manage my time and remain focused on the problem at hand. Your program not only helped me score my very best on the SAT but it also continues to help me in my studies in Vet School, finding that balance between work and down time. I am forever grateful and just wanted to take this time to personally thank you again."

Sincerely yours,
Victoria Plymouth

Tina Pace

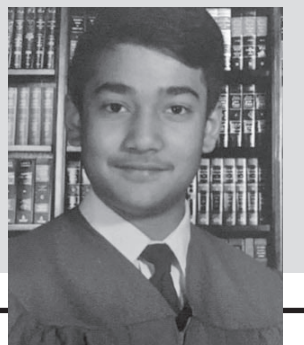

"I took Dr. Pace's SAT prep course over five years ago. At the time, I never could have realized how much this class would positively affect my life. Not only did it help me raise my SAT scores enough to get into my top college choice but it also taught me how to approach stressful testing situations, which I was able to employ throughout my college career. Most recently, I applied to get my teaching certification. Thanks to Dr. Pace's course, my high SAT scores exempted me from having to take one of the certification tests and saved me \$100."

Tina Pace, Dr. Pace's niece

Rohan Rathod

Archbishop Wood

Rohan, a former student of Dr. Pace, was awarded the Neumann Scholarship last year while attending Maternity BVM School. Rohan took Dr. Pace's *Slaying the Dragons of Standardized Tests* with his mother and his brother Ryan.
