

## AN UNFORGETTABLE STUDENT!

*I thoroughly enjoyed teaching Erin Fitzpatrick. From her very first class with me, when she was still in grade school, I recognized in Erin the motivation, clear thinking, and love of learning that revealed her unbounded potential.*

Dr. Pace

### **ERIN FITZPATRICK:** Graduate of Resurrection Regional School and Saint Hubert High School, where she was Valedictorian for her 2020 graduating class

Erin's test scores improved by 140 points after she took your SAT prep course. She was awarded over \$1 million in merit scholarships, which included Temple, Penn, Pitt, U of Delaware, Widener, Pace, West Chester, Penn State, Arcadia, Holy Family, Drexel, and Jefferson.

Erin's motivation, involvement and academic success identified her as a successful candidate for the highly competitive 3+3 accelerated Doctorate of Physical Therapy (DPT) program at Temple University (TU), which allows students to graduate ahead of schedule and be state board ready in 6 years vs 7.5 years. Out of several hundred applicants, only 6 freshmen were accepted for the undergrad class of 2024. Students in this program have to complete all of the prerequisites required by the TU College of Public Health for entry into DPT, maintain a GPA of 3.5 or higher, and complete PT shadow hours upon completion of their junior year of undergraduate studies, which guarantees them admission into the DPT program. During year four, students begin to study in the doctoral program, while simultaneously completing their undergraduate degree. Erin has successfully completed her freshman year on the Dean's list with a 4.0 average.

As much as you enjoyed having Erin as a student, I think she appreciated and enjoyed having you as a mentor and an important part of her success, even more. Erin really made the best of what you taught her and of what St. Hubert's excellent education offered her.

- Chris Fitzpatrick, Erin's mother

*Thank you, Mrs. Fitzpatrick, for giving me the opportunity to work with your remarkable daughter! Gratitude also for the informative description of Temple's DPT program, which many parents and students will greatly appreciate.*
