

## TEST-PREP IN THE AGE OF THE CORONAVIRUS

Dear Parents and Students,

Since schools closed in March, I have been converting my classes into online programs. What I did not anticipate was how much my students would flourish. The format actually allows quite a good blend of small group interactions together with individual attention to students who have questions. Moreover, I am able to maintain very good contact with my students—better than in a classroom--and, best of all, they have access to my personal step-by-step notes to problem-solving, which has made a world of difference to them.

Because of the effectiveness of my online academic classes, I have now converted my holistic programs to an online format. As a result, the *SAT Retreat* will be available this winter--as an optional component to the academic seminar and as a stand-alone program for those students who want to take only the *SAT Retreat*. For 18 years, the *SAT Retreat* has helped countless students perform at their personal best, producing substantial score improvements, so I am eager to begin offering it again. I encourage my students (and their parents) to enroll, if at all possible.

To register in any of my Winter 2021 programs, or if you have questions, email me (for a quicker response) at [siscapace@yahoo.com](mailto:siscapace@yahoo.com), or call and leave a message at 215-725-6568, and I will do my best to return your call within 24 hours. Be aware that there are registration deadlines, so enroll early.

*Wishing you* AND YOUR ENTIRE FAMILY  
A SAFE AND HEALTHY *Christmas & New Year!*
